Passport Applications – begin the process for international travel and marine studies

Get Paid! “Wilderness Warriors” and “Youth Ambassadors for SW Cultures” receive partial stipends

Sign up for adventure!! Spring 2019 programs!

Meet new YAC members!

Eat Local fare (and bring a dish of your choice!)

YAC Recap

Our November Marine Studies Workshop

Right before Thanksgiving we had an awesome presentation by our Marine Studies YACers for our November Workshop. Isolde, Quinn W, Quinn M, Terra and Paloma told us about their trip to Puerto Peñasco, the work that CEDO does, some of the monitoring techniques they learned and the fun they had at the beach!

What's Up with YAC Media?!

YAC Media is in the midst of creating an introduction video of the Chuk-son Trail! The video should be ready to view in early January, so keep an eye out for that! Also in January, we will be exploring the world of podcasts!

Favorite Experience with YAC/ITE?

My best memory from ITE is the American Experience. Going through that trip made me feel very relaxed and open minded while experiencing breath taking moments during the camping and the hiking all the way up to Montana.

One cool thing people may not know about you?

I am a very social and talkative person when I'm interested. But I do struggle with presentations at least I try my best.
